

Just when you think everything is cool somethin' happens and ...
"You Ain't My Dog No More" to the fool that did ya wrong play em this song!
We all have dog fights, some come with a harefooted exit or
a long drawn out howl.

Un-leashed by Eliza Neals while cleaning out her photo album of the "dogs" that
kept doggin her around. The words just rolled-over much like 'Big Mama Thornton,'
'Bessie Smith' and 'Koko Taylor' who wrestled with a mutt,
a tail-wagger and a mongrel or two in their time.

This 21st century version goes out to all the dirty dogs that turned
Eliza's bark into a bite!
